IMBA Rules of the Trail

The way we ride today shapes mountain bike trail access tomorrow. Do your part to preserve and enhance our sport's access and image by observing the following rules of the trail, formulated by IMBA, the International Mountain Bicycling Association. These rules are recognized around the world as the standard code of conduct for mountain bikers. IMBA's mission is to promote mountain bicycling that is environmentally sound and socially responsible.

1. RIDE ON OPEN TRAILS ONLY.
2. LEAVE NO TRACE.
3. CONTROL YOUR BICYCLE!
4. ALWAYS YIELD TRAIL.
5. NEVER SCARE ANIMALS.
6. PLAN AHEAD.

Keep trails open by setting a good example of environmentally sound and socially responsible offroad cycling.

Please refer to www.imba.com for a more complete description of the rules of the trail

This trail is the result of a successful partnership between the City of Inver Grove Heights, Minnesota Department of Natural Resources and the Minnesota Off-Road Cyclists (MORC). MORC is a non-profit organization with more than 1,000 mountain biker members, dedicated to gaining and maintaining sustainable natural-surfaced recreational trails throughout the State. MORC volunteers designed and completed the construction of the trail, and those same volunteers continue to care for and maintain it, in cooperation with the City. MORC thanks the City for this opportunity to create a valuable and lasting natural resource for the City's residents and guests.
